9. Note from Founder's Desk –

Global Environment has been concentrated to control inflation at any cost and damages to the growth aspect. However India will not left behind and will be forced to align rising interest rates in line with US Markets. This presents an opportunity to enter into fixed income funds with longer duration/ fixed maturity plans where net yields are currently 7.25 - 7.50 range bound.

Stay Allocated to Indian Equities and Incremental Money should be added to longer term debt funds.
